

26 September 2006

Dear friends,

It's been almost a month since the workshop in Rundu and we were wondering how you are doing with the challenge we left you.

We were inspired by your vision and the way in which you faced the issues at hand. We believe that you have what it takes to make a real and substantial difference in the region. Keep the vision in mind every day. Careful planning and small action steps is what makes all the difference.

**“if we want, as leaders,
we can make a change
in this region.”**

- workshop delegate, rundu, namibia

This is your moment to take action in your region to beat this disease. Your actions make all the difference. HIV/AIDS is a call to leadership, a commitment to do what it will take. To show love and care, to play a part in shaping a new culture that keeps all Namibians safe.

We want to thank you for making us feel so welcome. The openness of your hearts made us feel like we were at home in Rundu! Let us know how you are doing with your projects.

We wish you well and send our greetings to you.

Regards,

Brett & Roger

**FOOD FOR
THOUGHT**

**“Take the first step in faith.
You don't have to see
the whole staircase,
just take the first step”**

- Martin Luther King Jnr
